4 reasons for choosing Fildans maternity clips:

1. Smooth and flat with rounded corners, safe, so the baby is not hurt when snugling it's head against it
2. Our clips are made with engineering plastics in constant & controlled quality and nevertheless are fairly priced
3. Fildan Accessories is the inventor of the first maternity drop cup fastener in 1980 US patent # 4,335,728
4. Since then we constantly keep our quality up and bring new ideas in the field of maternity closures to the market
